SEBI vide its circular no. SEBI/HO/MRD2\_DCAP/CIR/2021/0598 dated July 20, 2021 has put in place a framework for “Segregation and Monitoring of Collateral at Client Level”.

- SEBI circular inter-alia, stipulates that for forms of collateral (other than securities placed through margin pledge / re-pledge mechanism) placed with the Clearing Corporation (CC), the CCs shall provide a facility to Clearing Members (CMs) for upfront allocation of collateral to a Trading Member (TM) / Custodial Participant (CP) / client or TM / CM 's own account.
- Accordingly, the Clearing Members while depositing collateral in form of Cash, Fixed Deposits (FDs) and Bank Guarantees (BGs) with NCCL shall allocate these collaterals using the web extranet portal / API based facility.

---

**2.11.1 Collateral Deposit and Allocation**

- 1) The Cash, Bank Guarantees and Fixed Deposit Receipts deposited towards Base Capital and Additional Base Capital shall be accounted in the total Cash and Cash Equivalent collateral in the Clearing Members account.
- 2) The Clearing member shall be required to upload allocation file using the web extranet portal/ API facility to allocate the cash and cash equivalent collaterals into the proprietary account of CM, and/or proprietary account of any TM clearing through the CM, and/or account of any of the clients (including Custodial Participants (CPs)) clearing through the CM, and/or of any of the clients trading through the TM who in turn is clearing through the CM.
- 3) In case of such collateral received by the CM from any TM, the CM shall not accept the same without the TM specifying break-up of such collateral into proprietary account of the TM and / or uniquely identified client account. The CM shall ensure that the sum of break-up of such collateral provided by TM is equal to the total value of such collateral provided by TM, and that the allocation of such collateral to any entity as reported to NCCL does not exceed the allocation of collateral reported by the TM for that entity.
- 4) Similarly, NCCL shall not give benefit of such collateral without the CM specifying appropriate break-up of such collateral into proprietary account of CM / proprietary account of TM / client account. The benefit of the collateral will be available only to the extent of allocated amount. Collateral amount not allocated by CMs as aforesaid will remain unallocated. Such unallocated amount will not be considered for trading exposure. If any additional cash or cash equivalent collateral is provided, it shall form part of the unallocated cash equivalent and the member can allocate this additional collateral by uploading allocation file.
- 5) For the purpose of monitoring of at least 50% cash or cash equivalent collateral at the level of CM, the excess cash-equivalent collateral of a client shall not be considered for other client or for proprietary account of TM/CM. However, the excess cash-equivalent collateral of proprietary account of TM/CM can be considered for clients trading/clearing through them, for the purpose of monitoring minimum 50% cash-equivalent requirement.
- 6) The CM's will have to upload the non-cash limit file using the web extranet portal. The limit provided by the CM in this file shall be used to determine the amount and order in which Clients/Custodial Participant will receive the benefit of the excess cash-equivalent collateral of proprietary account of TM/CM. In case file is not uploaded, no benefit of excess non-cash collateral i.e. securities shall be extended to any client
- 7) The Clearing member shall allocate atleast Rs 50 lakhs (TCM & PCM) / Rs 70 lakhs (STCM) into the proprietary account towards Base capital requirement.
- 8) The Minimum Liquid Net worth (MLNW) requirement of Rs 50 lakhs shall be blocked from the amount allocated in the proprietary account of Clearing Member.

- 9) Blocking of deposits on account of repeated shortfall in margin / pay-in, and any other adhoc blocking shall be blocked from the allocated amount in the proprietary account of Clearing Member.
- 10) The cash adhoc margin, if levied shall be collected on T+1 day. It shall not be blocked from the allocated collateral in the proprietary account of Clearing Member.
- 11) In case of BGs, the TM/CM may consider the unfunded portion of the BG as proprietary collateral.
- 12) File Format for Allocation and Non-Cash Limit: The members can refer to NCCL circular NCCL/CLEARING-041/2021 dated November 16, 2021 on Format for Allocation of Collateral. Members are advised to refer the detailed notes in the specified circular. Members can access web extranet portal for Collateral Allocation and Non cash Limit using the following url - <https://webextranet.ncdex.com/Login.aspx>.
- 13) The cut-off time for upload of final Collateral Allocation file and Non Cash Limit file is as under<sup>3</sup>:

| Particulars         | Cut off Time |
|---------------------|--------------|
| On all trading days | 9:00 PM      |

- 14) Allocation of Collateral can be to the extent of total amount of cash collateral deposited with the CC. If additional cash or cash equivalent collateral is deposited, then the allocation will be required to the extent of revised total Cash collateral (including the additional collateral).
- 15) Allocated values for the entities shall continue to remain allocated till such time the reallocation file is uploaded.
- 16) NCCL shall also provide notification of such change of allocation of collateral to the concerned client, in respect of whom the allocation has been changed, pursuant to the change of allocation. The information regarding the collateral allocated by the CM for the Clients, Trading Member and Custodian shall be sent to their respective email ids by NCCL.
- 17) The members can refer to the path Collaterals > Member Cash Collateral Summary in NCFE portal for below details
  - i Total Cash Equivalent: It would be aggregate of cash equivalent collateral deposits comprising of the cash deposits, bank guarantees and fixed deposit receipts deposited towards Base Capital and Additional Base Capital
  - ii Allocated Cash Equivalent: It would display the net amount of successful allocation by the Clearing Member into proprietary account of Trading member, proprietary account of Clearing member, clients and Custodial Participants from the Total Cash Equivalent.
  - iii Unallocated Cash Equivalent: It would display the balance in Cash equivalent collateral account of the member (Total Cash Equivalent – Allocated Cash Equivalent).

---

<sup>3</sup> [NCCL/CLEARING-029/2024 dated May 29, 2024](#)

- 18) The collateral withdrawal request of cash & cash equivalent will, inter-alia, be processed against the unallocated cash equivalent collateral amount. In case the unallocated amount is not available, then the collateral withdrawal request will not be processed.
- 19) Accordingly, the Clearing Member desirous of withdrawing cash and cash equivalent collateral should ensure that an equivalent amount of unallocated collateral is available for withdrawal. In case sufficient unallocated cash equivalent collateral is not available, then the Clearing member should upload the allocation file for reducing CM/TM/CP/Client wise allocation amount before placing the collateral withdrawal request to avoid rejection of withdrawal request.
- 20) In case of collateral provided by Clearing members to NCCL in the form of Bank Guarantees and Fixed Deposit Receipts; as per the current process, on maturity of such instruments, the value of the matured bank guarantee/fixed deposit receipt shall be reduced as per the following priority
  - i From the value available in the un-allocated amount
  - ii From the free collateral of proprietary account of clearing member.
  - iii From the value allocated to clients / Trading member proprietary account / Custodial Participants in descending order of margin utilisation (i.e. client with least margin utilisation) to the extent of free collateral. In case there are multiple clients / Trading member proprietary account / Custodial Participants with the same utilisation, such value shall be reduced in a random manner.
  - iv From the value allocated to proprietary account clearing member.

Due to this, the CMs and all TMs under such CMs may go into RRM mode/Square off because of reduction in the collateral limits.
- 21) Members are advised to renew the documents well in advance to avoid going into RRM / Square off mode due to maturity of collaterals.
- 22) The allocation thus provided by the CM to NCCL and by TM to CM shall be considered as final by the NCCL and CM respectively for the purpose of granting exposure and utilization during default.
- 23) CMs shall be permitted to change the allocation of collateral deposited with the NCCL, subject to the value allocated to any client not exceeding the value of actual collateral received from that client (excluding the securities collateral re-pledged to NCCL through margin pledge mechanism). However, such change of allocation shall be permitted subject to adequacy of available collateral with the NCCL after the change vis-à-vis the margin obligation of Trading Member Proprietary / Clearing Member Proprietary account.
- 24) NCCL has also provided API based facility for client level collateral allocation. The details of the API specifications are available in circular number NCCL/CLEARING-016/2023 dated Feb 28, 2023.

- 25) The Members are advised to ensure that collateral allocation of only of those clients trading on NCDEX should be uploaded. NCCL does not consider data of non-registered clients.
- 26) To enable members to submit deallocation requests against reduction in client/CP collaterals, members can submit deallocation requests below real-time margin requirement of the respective client/CP. Accordingly, members are required to take note of the following while submitting deallocation requests:<sup>4</sup>
- i Deallocation request shall not exceed the value of allocation done for the client/CP.
  - ii Members shall take into consideration the impact of deallocation / release on the eligible value of non-cash collaterals pledged / re-pledged with NCCL and the resultant change in effective deposit of the client on account of the cash and cash equivalent to non-cash ratio.
  - iii Any margin shortfall pursuant to deallocation request or release of cash equivalent collaterals through pledge / re-pledge mechanism shall be blocked from TM Proprietary effective deposit of the TM of such client.
  - iv Similarly, in case of CP, the residual margin utilisation shall be blocked from CM Proprietary effective deposit of the CM of such CP.
  - v Clearing Member and Trading Member requests for collateral release shall continue to be validated against the real time margin utilization.

#### **2.12. Non-fulfilment of Base Capital (Security Deposit) and Minimum Liquid Network Requirements**

Any failure on the part of a Clearing Member to meet with the deposit requirements at any point of time, will be treated as a violation of the Rules, Bye-Laws and Regulations of the Clearing Corporation and Clearing Corporation may, within such time as it may deem fit, withdraw any or all of the membership rights of such Clearing Member including withdrawal of trading facilities of all trading members and/ or clearing facility of custodial participants clearing and settling through such Clearing Members, without any notice.

- e. The units of MFOS shall be re-pledged to NCCL only through depository margin pledge / re-pledge mechanism.
- f. Clearing Members shall re-pledge units of MFOS to NCCL from their existing mapped TMCM Margin pledge accounts.
- g. The list of MFOS eligible for re-pledge to NCCL shall be published from time to time.
- h. Existing norms for valuation, haircut and prudential limits shall be applicable for units of MFOS pledged to NCCL.

#### **D. Eligibility of bank instruments as collateral**

- a. The bank instruments provided by clients as collateral (i.e. client FDRs and BGs) cannot be upstreamed to CCs, and they shall be ineligible to be accepted as collateral in any segment of securities market.
- b. However, in the interest of encouraging and development of hedging in the commodity derivatives market, it has been decided to allow Bank guarantees provided only by non-individual clients, based on certain terms and conditions. Such clients shall provide a declaration and underwriting that they shall have no recourse to SEBI or exchanges in case of wrongful invocation of such BGs by SB/CM. These BGs shall bear a condition that on invocation, the moneys shall be credited only to the (USCNBA) account and thereafter upstreamed to the CC. The other terms and conditions are mentioned in the [Annexure 6](#). The CCs are at liberty to apply stricter conditions other than those specified based on their risk assessment.

#### **E. Release of Cash towards MTM pay-in**

The cash collateral release requests received beyond cut-off time i.e. 4.30 PM during the day shall be released on the next settlement day, subject to sufficient free collateral available in the unallocated collateral pool. These funds will be credited to the settlement account of the member in the pay-in run and can be used to meet the funds pay-in requirement.

The provisions of this framework shall not be applicable to bank-CMs (including Custodians that are banks), and for proprietary funds of SBs/CMs and SB’s proprietary funds deposited with CM in the capacity of a client.
